

**Church of the Redeemer
Visions of Ministry
Open Space Report**

Topic: [Ecology, Christ and Metaphor](#)

Summary of Key Discussion Points:

- God is the creator.
- Grow your own food.
- God is love.
- Stewardship of nature.
- The theology of the Church of the Redeemer can evolve.

Next Steps:

- Group on Ecology, Christ and Metaphor for young people.

Comment from the floor: a parishioner observed that folks of her generation make the judgment that young people aren't spiritual or political. What they may not be taking into consideration is that this may look different in the lives of young people and isn't institutional.

Comment from the floor: the sacred and the secular all come from the creator. The best music is in pubs. Atheism is just another way of looking at things.
